

LabelWorks LW-Z700FK

Sturdy and practical industrial label maker designed to boost productivity at a highly competitive price

Destined to become a valuable tool for installers of mechanical, electrical and network IT equipment is this sturdy, practical and cost-effective industrial label maker. Featuring hot keys, a mixed label length function and other hands-free features, label-making on the LW-Z700FK is all about boosting productivity with the latest features, but at a competitive price.

Durable design

Aimed at tough environments, the LW-Z700FK has a hard carry case for valuable protection, while a large carry handle makes it mobile.

Hands-free use

Hot keys cut-down on typing while repetitive jobs are streamlined thanks to its innovative Pick & Print feature, which automatically prints the next label in a pre-set series when it detects that the user has selected the previous label.

Easy to use

With tape detection, an automatic cutter and Drop Stop function, labelling cables, wiring, small pipes and other electrics or machinery has never been easier.

Plenty of choice

The LW-Z700FK offers six different widths from 4-24mm, and 100 label designs. Tapes are suited to all kinds of environments, with the addition of both magnetic and heat-shrink tape to a roster that already includes heat-resistant, glow in the dark, reflective and iron-on labels, among others.

Professional results

As well as fast-printing in 180dpi quality, the bundled Epson Label Editor software makes it quick and simple to transfer a image of a company logo to the LW-Z700FK for using on cable labels, adding a professional touch.

Economic to run

With smaller margins and tapes up to 9m long, the LW-Z700FK achieves an impressively low total cost of ownership.

DATASHEET

KEY FEATURES

- **Pick & Print**
Streamline repetitive tasks
- **Fast 180dpi print**
Professional-looking results
- **Practical design**
Hard case, carry handle and magnet for easy mounting
- **Print logos and images**
Data download function with easy-to-use software
- **Plenty of choice**
50 lengths, six widths & 100 label designs

PRODUCT SPECIFICATIONS

	Embedded (standalone)	Label Editor (computer linked)
PRINTING		
Printing technology	Thermal transfer	
Tape width	4 mm, 6 mm, 9 mm, 12 mm, 18 mm, 24 mm	
Printing resolution	180 dpi	
Printable Dot Numbers	128 dot numbers	
Print speed	30 mm/sec	
Number of printable lines	8 Lines	custom
Maximum text length	180 characters per line	custom
Multi-block	50	custom
Drop Stop	Yes	
Pick & Print	Yes	

	Embedded (standalone)	Label Editor (computer linked)
